Monthly Air Pollution Control Program Summary Report

For All Regions - 2/16/2008 to 2/29/2008

Number of Complaints Received RE:

<i>Asbestos</i>	5
<i>Burning</i>	15
<i>Fugitive Dust</i>	3
<i>Odors</i>	20
<i>Particulate</i>	1
<i>Non-regulated</i>	0
<i>Toxics</i>	0
<i>Other</i>	2

Of the above, 3 complaints involved multiple emissions.

Total of Complaints Received: 43

Number of Investigations of Complaints:

<i>Received during report period.</i>	5
<i>Received prior to report period.</i>	4

Total number of investigations completed: 9

Number of Sources:

<i>Non-Regulated.</i>	0
<i>In compliance with regulations.</i>	41
<i>In violation of regulations.</i>	2
<i>Referred to local air pollution agencies.</i>	0
<i>Referred to other DNR program.</i>	0
<i>Requiring follow-up surveillance.</i>	0

Number of formal notices of violation issued: 2

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected : 2/16/2008 though 2/29/2008

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
KCRO	2/25/2008	2/6/2008	RONALD JONES	Holt	Clay	Burning	Debbie Viviano, Clay County	MRM	A2734
Comments	Mr. Mike Miller, an inspector with the Missouri Department of Natural Resources' Kansas City Regional Office (KCRO), observed open burning of a mobile home, tires and paint cans and issued Notice of Violation (NOV) #A2734KC to the reported party.								
Comp. No.	KC0812042	Comp. Info	The complainant stated the Holt Community Fire Protection District extinguished a fire at a mobile home at 2:37 p.m. on January 3, 2008. Tires and several five-gallon paint cans were observed burning. As the fire fighters were tearing apart the mobile home to reach hotspots, the owners were grabbing material that had just been put out, dragged it aside and set it on fire again.						
KCRO		2/19/2008	UNKNOWN	Tracy	Platte	Burning	Anonymous	PDS	
Comments									
Comp. No.	KC0812045	Comp. Info	The complainant stated the reported party is burning tires and other construction debris without an air curtain destructor. The complainant believes the reported party does not have a permit.						
KCRO		2/19/2008	JOHN PETERMAN	Rich Hill	Bates	Burning / Asbestos	Joe Terri		
Comments									
Comp. No.	KC0812048	Comp. Info	On February 9, 2008, the complainant reported lumber yards buildings owned by the reported party, at the southwest corner of 7th and Maple, were bulldozed by the Preston Back Hoe Company. The complainant believes Mr. Clinton Leer, marshal for the city of Rich Hill, witnessed the bulldozing. That same afternoon the reported party burned the demolished material and buried the remains on-site. The adjacent train station depot also caught on fire. The Rich Hill and Butler Fire Protection District were required to extinguish it. The complainant is concerned if the department received a permit to demolish the building and conduct the illegal burning.						
KCRO	2/26/2008	2/20/2008	RAY COUNTY PRODUCERS, LLC	Rayville	Ray	Fugitive Dust	Shirley Brungardt	MRM	
Comments	Mr. Miller noted the dust from the roads is not regulated by the department and discussed the situation with the complainant. Mr. Miller filed a Water Pollution Protection complaint. Mr. Miller also noted follow-up is needed and referred the complainant to an Ombudsman.								
Comp. No.	KC0812047	Comp. Info	The complainant reported the dust is intolerable. The trucks from the reported party create so much dust on the narrow gravel roads that visibility is zero when the trucks pass by or if someone is driving behind them. This is not just an environmental issue, it is a safety issue. The reported party has torn up the roads, which contributes to increasing erosion along the neighboring properties. The complainant believes the blasting is damaging water supplies and causing ponds to leak. The value of complainant's property is diminished by structural damage. The complainant also experienced damage to hay and pasture crops as a result of the air and water quality. The complainant filed repeated complaints directly to the company and its operators, which have been ignored.						
KCRO		2/21/2008	SUZIE THOMAS	Warsaw	Benton	Burning / Open Dumps	Mr. Donny Priesmeyer	JHH	
Comments									
Comp. No.	KC0812052	Comp. Info	The complainant stated the reported party's son dumps and burns debris. The debris includes shingles, tires, miscellaneous items from demolished homes. The dumping occurs by the trailer load. The complainant believes the reported party burns the debris at night so no one will see the smoke.						

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected : 2/16/2008 though 2/29/2008

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
KCRO		2/28/2008	LAFARGE INDEPENDENCE QUARR	Sugar Creek	Jackson	Fugitive Dust	Lonnie Hayes		
Comments									
Comp. No.	KC0812064	Comp. Info	The complainant reported dust on Kentucky Road across from Lafarge Quarry. The complainant stated Kentucky Road was very dusty when it was being swept by a Lafarge sweeper. Also, a truck pulled out from Lafarge and the complainant's vehicle was almost struck as he headed west on Kentucky toward 291.						
KCRO		2/28/2008	UNKNOWN	Lees Summit	Jackson	Odors	Carmen Sineath	RAV	
Comments									
Comp. No.	KC0812065	Comp. Info	The complainant is concerned about odors noticed in the evenings. The odor has a plastic, metallic smell but the complainant is not sure of the source of the odors.						
KCRO		2/29/2008	LAFARGE	Sugar Creek	Jackson	Fugitive Dust	Lavonne Spicer	RAV	
Comments									
Comp. No.	KC0812066	Comp. Info	The complainant reported lots of dust is being created by the crusher at Lafarge. The dust is making it's way to the public right of way (Highway 291 and Kentucky Road). The complainant stated on Tuesday of the same week, Lafarge was emptying the sweeper near public ROW (but on Lafarge property) and dust was heavy near Highway 291.						
KCRO		2/29/2008	NATIONAL STARCH	North Kansas City	Clay	Odors	Devin Martin	RAV	
Comments									
Comp. No.	KC0812067	Comp. Info	The complainant lives within the downtown Kansas City loop and occasionally notices a putrid odor at his residence. The complainant believes the odor is the same odor he frequently notices while walking at Berkely Riverfront park, and nearly always notices when crossing the Missouri river into North Kansas City. The complainant described the odor as similar to rotten eggs. The complainant believes the odor is from one of the industrial facilities just north of the Missouri River near Burlington. The local newspaper reported the odor is apparently from the National Starch facility and the department is investigating the matter.						
KCRO		2/29/2008	NATIONAL STARCH & CHEMICAL C	North Kansas City	Clay	Odors	Michael Barsotti	RAV	
Comments									
Comp. No.	KC0812068	Comp. Info	The complainant reported a foul odor similar to eggs. The complainant believes the odor is from the National Starch Company located across the river.						

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected : 2/16/2008 though 2/29/2008

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
NERO	2/26/2008	2/15/2008	UNKNOWN	Holts Summit	Callaway	Burning	Anonymous	DLK	
Comments	Mr. Don Kinkhorst, an inspector with the department's Northeast Regional Office (NERO), observed cardboard boxes, etc. on the burn pile upon arrival at the site. Mr. Kinkhorst met with Mr. Jerry Block, of Steve's Pest Control, and Mr. Randy Stegemann, of Randy Stegemann Construction. Both parties agreed to an Environmental Assistance Visit (EAV) to discuss the open burning requirements. Mr. Kinkhorst provided the following material as part of the EAV: Facts on Open Burning Under Missouri Regulations, 10 CSR 10-6.045 Open Burning Restrictions and Managing Construction and Demolition Waste.								
Comp. No.	NE08470	Comp. Info	The complainant stated a builder is burning something that puts off a lot of black smoke at the site of the construction of a new metal building on Evergreen, off of Highway OO in Holts Summit.						
NERO	2/25/2008	2/15/2008	CITY OF HANNIBAL	Hannibal	Marion	Asbestos	Anonymous	DLK	
Comments	Mr. Kinkhorst observed the residences cited in the complaint. The residence at 1808 Spruce had been demolished and in a pile on the property. The residence at 1903 Spruce was not yet demolished, only the siding had been removed. The distance between the structures is approximately 85 yards (255 feet). Mr. Kinkhorst met with Mr. Joey Burnham, the Hannibal Building Inspector. Mr. Kinkhorst advised Mr. Burnham that the un-demolished residence will be subject to the NESHAP as it is within 500 feet of the other already demolished residence. Mr. Kinkhorst also provided Mr. Burnham with the EPA's Asbestos NESHAP Clarification of Intent regarding residential building exemption for his reference. The City of Hannibal is taking necessary action to comply, therefore, no violation was given.								
Comp. No.	NE08471	Comp. Info	The City of Hannibal transported waste from the demolition of two residences located at 1808 Spruce Street and 1903 Spruce Street. The complainant is concerned the demolitions should have been regulated as they appeared to have the same owner, were demolished by the same contractor and were in close proximity to each other.						
NERO	2/20/2008	2/19/2008	UNKNOWN	Meadville	Linn	Burning	Anonymous	MGS	
Comments	Mr. Michael Sudholt, an inspector with the NERO, did not observe any violations of the open burning regulations. According to the Meadville Postmistress, Becky Meyers, the family that lived at 208 East Rice Street (the number 39 on the mailbox refers to the previous address system) moved in the past week. Ms. Meyers is not authorized to divulge the family's name.								
Comp. No.	NE08472	Comp. Info	The complainant stated on Friday, February 15, 2008, they observed a property owner at 39 Rice in Meadville cleaning out their garage and burning the waste. The complainant stated there was thick black smoke and is concerned about the neighbors breathing the smoke.						
NERO		2/21/2008	ALL STATE ABATEMENT	Chillicothe	Livingston	Asbestos	Anonymous	DLK	
Comments									
Comp. No.	NE08485	Comp. Info	The complainant is concerned about the work practices being used at the Chillicothe Power Plant asbestos abatement project. The crew worked the previous weekend and the trash bags contained dry materials that did not appear to be wet down. The complainant's concern is for air quality in the surrounding area.						
NERO		2/25/2008	UNKNOWN	Milan	Sullivan	Odors	Anonymous	DLK	
Comments									
Comp. No.	NE08490	Comp. Info	The complainant reported strong packing plant odors near the intersection of Highway 6 and Highway 5 east of the PSF Packing Plant at 6:30 p.m. on Friday, February 22, 2008.						

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected : 2/16/2008 though 2/29/2008

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
NERO	2/25/2008	2/25/2008	UNKNOWN	Green City	Sullivan	Odors	Russell Alexander	DLK	
Comments	Mr. Kinkhorst noted the weather conditions at the time of the complaint was foggy with calm winds and the temperature was approximately 12 degrees Fahrenheit. All complaints are logged and reviewed for development of an effective investigation strategy. Staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.								
Comp. No.	NE08493	Comp. Info	The complainant reported strong hog odor at 8:00 a.m. on Saturday, February 23, 2008.						
NERO	2/25/2008	2/25/2008	PSF	Green City	Sullivan	Odors	Rolf Christen	DLK	
Comments	Mr. Kinkhorst noted the weather conditions at the time of the concern was foggy, the wind was calm and the temperature was approximately 12 degrees Fahrenheit. All complaints are logged and reviewed for development of an effective investigation strategy. Regional office staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.								
Comp. No.	NE08494	Comp. Info	On February 23, 2008, the complainant filed the following report of odor via e-mail: "It is Saturday morning, 5:00 a.m. and I just came back in from checking heifers. There is a light fog coming in, it is very calm, and it stinks. I cannot tell for sure where it comes from. It could be either Valley View or Green Hills."						
SERO	2/19/2008	2/8/2008	UNKNOWN	Willow Springs	Howell	Burning	Anonymous	AB1	
Comments	Ms. Amy Baker, an inspector with the department's Southeast Regional Office (SERO), noticed a large sawdust pile that had been burning for some time. The local fire departments have attempted to put the fire out. The Willow Springs fire department worked with the Missouri Department of Conservation and were unable to put out the fire. Nothing more can be done at this time.								
Comp. No.	SE08549	Comp. Info	The complainant believes a sawdust pile has been burning for approximately four months and sometimes the smoke is so thick it is dangerous for traffic. The neighbors are having problems breathing and they are located approximately two miles away from the site.						
SERO		2/20/2008	DALTON SAWMILL/MR. TOM DALT	Gatewood	Ripley	Burning	Shawn Bond		
Comments									
Comp. No.	SE08575	Comp. Info	The complainant received a complaint concerning a sawmill burning sawdust which is causing a lot of soot to cover everything. The complainant also stated the reported party has a lot of tires stacked up and is concerned the reported party is putting them on the fire.						
SERO		2/25/2008	BUTCH BURROWS	Malden	Dunklin	Burning	Anonymous		
Comments									
Comp. No.	SE08580	Comp. Info	The complainant stated the reported party digs holes, burns shingles, and when the wind is blowing it blows the trash onto the complainant's house and onto others in the surrounding area.						

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Dates Received or Inspected : 2/16/2008 though 2/29/2008

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
SERO		2/25/2008	MARK FRAZIER	Fredericktown	Madison	Asbestos	Tierney Cooper		
Comments									
Comp. No.	SE08581	Comp. Info	The complainant believes the old National Lead Company site is being demolished and the contractor does not appear to be concerned with the asbestos that may be in the building.						
SERO	2/26/2008	2/25/2008	PAINTER CONSTRUCTION	Rolla	Phelps	Asbestos	Anonymous	WS	16536
Comments Mr. Walt Shull, an inspector with the SERO noted the department did not receive an asbestos survey or written demolition notification prior to the demolition of the middle building of Memoryville USA Antique Auto Museum. This was a commercial structure and therefore, a regulated demolition project per the asbestos NESHAP regulation. Failure to submit the required asbestos survey and written demolition notification to the department is a violation of the federal and state regulations. Mr. Shull issued NOV #SER2008022716536078 to Mr. Roland Painter for failure to make the required inspections and notifications prior to demolition activity. Any further action will be at the discretion of the department's Air Pollution Control Program (APCP).									
Comp. No.	SE08583	Comp. Info	The complainant reported the Memoryville USA Antique Auto Museum located at 2120 North Bishop Avenue in Rolla is being demolished and the complainant is concerned about possible asbestos being present in the building.						
SERO		2/29/2008	UNKNOWN	Campbell	Dunklin	Burning	Joe Blume		
Comments									
Comp. No.	SE08588	Comp. Info	The complainant reported someone has torn down a building and is burning it.						
SERO		2/29/2008	CITY OF HAYTI HEIGHTS	Hayti Heights	Pemiscot	Burning / Open Dumps	Seargent Dale		
Comments									
Comp. No.	SE08589	Comp. Info	The complainant stated in the City of Hayti Heights city personnel have tore down homes and businesses in three locations. The reported party also dug a hole then buried and burned the construction material and shingles.						
SERO		2/29/2008	SAWMILL	Mountain View	Howell	Burning	Shawn Daniels		
Comments									
Comp. No.	SE08591	Comp. Info	The complainant reported a sawmill on fire that cannot be put out and it is creating smoke that is unbearable.						
SWRO		2/20/2008	RES CARTHAGE	Carthage	Jasper	Odors	Carolyn Smith		
Comments									
Comp. No.	SW0811558	Comp. Info	The complainant reported odor in downtown Carthage and stated it was awful when she exited her car at work.

Dates Received or Inspected : 2/16/2008 though 2/29/2008

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
SWRO		2/20/2008	UNKNOWN SALVAGE YARD	Springfield	Greene	Burning	Sarah Gullet		
Comments									
Comp. No.	SW0811559	Comp. Info	The complainant observed a large fire (five foot flames) approximately ten feet from the paved road. The neighboring houses are less than 200 yards from the fire. The complainant believes it is a wood fire, however, she is not ruling out other debris since the owner of the property runs a salvage yard on-site.						
SWRO		2/20/2008	RES CARTHAGE	Carthage	Jasper	Odors	Joe Botd		
Comments									
Comp. No.	SW0811560	Comp. Info	The complainant reported a terrible odor in downtown Carthage. He is certain it is from RES.						
SWRO		2/20/2008	RES CARTHAGE	Carthage	Jasper	Odors	Kim Crusa		
Comments									
Comp. No.	SW0811561	Comp. Info	The complainant reported a very strong odor on the Carthage square today. The complainant stated she is positive the source of the odor is RES.						
SWRO		2/20/2008	RES CARTHAGE	Carthage	Jasper	Odors	Larry Ross		
Comments									
Comp. No.	SW0811562	Comp. Info	The complainant reported the odor in downtown Carthage near the Post Office was rank, very bad. The complainant is certain it is from RES.						
SWRO		2/20/2008	RES	Carthage	Jasper	Odors	Lynn Campbell, Carthage City		
Comments									
Comp. No.	SW0811564	Comp. Info	The complainant reported odor on February 20, 2007, from RES at the Carthage downtown area on the square.						
SWRO		2/20/2008	RES CARTHAGE	Carthage	Jasper	Odors	Jean McGregor		
Comments									
Comp. No.	SW0811565	Comp. Info	The complainant reported a very bad odor at Olive and McGregor Streets in Carthage. The complainant believes the odor was from RES because the smell was the same as on previous occasions and the wind was blowing from the direction of the RES plant.

Dates Received or Inspected : 3/1/2008 though 3/15/2008

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
KCRO	3/10/2008	2/29/2008	LAFARGE	Sugar Creek	Jackson	Fugitive Dust	Lavonne Spicer	MRM	
Comments	Mr. Miller was unable to document off-site dust at the time of the inspection. Regional Office staff will continue surveillance when in the area.								
Comp. No.	KC0812087	Comp. Info	The complainant reported lots of dust is being created in the morning by the crusher at Lafarge. The dust is experienced at the public right of way (Highway 291 and Kentucky Road). On Tuesday, the facility was emptying the sweeper near public ROW (but on Lafarge property) and dust was heavy near Highway 291.						
KCRO	3/3/2008	3/3/2008	LARRY BREEDLOVE	Harrisonville	Cass	Burning	Ms. Krooenke	MC	
Comments									
Comp. No.	KC0812073	Comp. Info	The complainant stated the reported party burned wood waste derived from wooden cable reels. The property is currently vacant but a man with a backhoe is burning the reels. The burning took place at 11:00 a.m., at the time the complainant contacted the department.						
KCRO	3/11/2008	3/3/2008	CLARK TIRE COMPANY, INC.	Sedalia	Pettis	Asbestos	Anonymous	RAV	
Comments	Mr. Paul Jeffery of the department's APCP, requested the reported party provide a copy of the asbestos inspection and notification sent to the department and landfill receipts. Mr. Jeffery noted if the reported party did not complete an asbestos inspection or provide notification, he will issue a NOV. Mr. Jeffery requested the reported party submit the information by March 28, 2008.								
Comp. No.	KC0812081	Comp. Info	The complainant is concerned about the company that demolished a gas station building in Sedalia didn't go through the proper asbestos notification and inspection procedures. A bid was recently accepted by the owner and a few days later the building was demolished. The complainant noticed the building was gone on Friday, February 29, 2008. The APCP didn't receive a notification to demolish for this project.						
KCRO	3/11/2008	3/4/2008	UNKNOWN	St. Joseph	Buchanan	Odors	Jean Dehlic	RAV	
Comments	Mr. Richard Vani, an inspector with the KCRO, did not detect any odors in the area where the complainant lives.								
Comp. No.	KC0812083	Comp. Info	The complainant reported via fax sewage odors in the area. The complainant contacted the local water department and was informed the city has been by-passing combined sewage due to high snow melt.						
KCRO	3/7/2008	3/4/2008	LAFARGE (ROCCA) QUARRY	Independence	Jackson	Fugitive Dust	Lonnie	MRM	
Comments	Mr. Miller did not observe any off-site dust at the time of the inspection. Regional Office staff will continue surveillance in the area.								
Comp. No.	KC0812084	Comp. Info	The complainant reported excessive dust.

Dates Received or Inspected : 3/1/2008 though 3/15/2008

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
KCRO	3/17/2008	3/6/2008	ADVANCE PORK SYSTEMS	Fairfax	Atchison	Odors	James Murphy	MRM	
Comments	Mr. Miller noted the odor is not regulated by the department at this time since the facility is a Class IB Confined Animal Feeding Operation (CAFO). Mr. Miller referred the complaint to the department's Water Protection Program concerning permits for the facility.								
Comp. No.	KC0812082	Comp. Info	The complainant is concerned with the smell coming from the hog operation. The complainant lives approximately one and a half miles east and two miles south of the facility and believes the facility contains over 17,500 sows. The complainant stated the odor is the worst after the facility "knives in" the waste material.						
KCRO	3/10/2008	3/10/2008	MELVIN HEAPER	Sedalia	Pettis	Burning	Pettis County Fire Protection	MC	A2655
Comments	Mr. Cunningham noted that based on the report from the Pettis County Fire Department, the reported party was disposing of tires, trade wastes and other refuse at his property on March 8, 2008. Because the fire was left unattended, an additional pile of refuse including clothing, trash, an acetylene tank, other refuse, along with a barn also caught fire. Regional Office staff are familiar with the reported party and this location and apparently have an ongoing enforcement case. Mr. Cunningham issued NOV #A2655KC for violations of the open burning regulations.								
Comp. No.	KC0812096	Comp. Info	On March 9, 2008 the department's Environmental Emergency Response (EER) hotline received a telephone call from the Pettis County Dispatch. Deputy Chief Mike Harding with the local fire department responded to a fire at a salvage yard/landfill. The fire involved approximately 15 tires, a dilapidated barn and other unknown materials. The fire department officials believe the cause of the fire to be from the reported party burning trash as part of an order to cleanup the site, which spread to the barn. The fire department officials report the fire cause is suspicious and the location has a long history of fire and operations issues. The local fire department extinguished the fire and there were no runoff issues.						
KCRO	3/12/2008	3/12/2008	APAC-SUGAR CREEK QUARRY	Sugar Creek	Jackson	Fugitive Dust	Kent Strodman	MC	
Comments	Based on interviews with the complainant and APAC, an issue of blowing dust may have occurred earlier on the afternoon of March 12, 2008, however, by the time Mr. Cunningham arrived at the location, he did not observe any dust leaving the site. Mr. Cunningham reminded APAC if dust is observed leaving the property that the department will issue an Notice of Excess Emissions. Mr. Cunningham also suggested more frequent watering of the stockpiles and haul roads, especially on the north side adjacent to the properties along Courtney-Atherton Road.								
Comp. No.	KC0812092	Comp. Info	The complainant reported APAC Quarry was putting a lot of dust in the air. The dust was so thick it looked like smoke.						
KCRO	3/14/2008	3/13/2008	MIKE CONNELLY	Smithville	Clay	Burning	Anonymous	RAV	
Comments	Mr. Vani noted the fire was accidental.								
Comp. No.	KC0812094	Comp. Info	The complainant reported open burning of tires, barn, trash, and trailers. The burning started at approximately 4:00 p.m. and the Kearney Fire Department arrived on-site. The complainant contacted Clay County but they will not do anything.						

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected : 3/1/2008 though 3/15/2008

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
KCRO	3/13/2008	3/13/2008	FORT OSAGE CAREER & TECHNIC	Independence	Jackson	Asbestos	Anonymous	MC	
Comments	Mr. Cunningham forwarded the concern to the U.S. Environmental Protection Agency (EPA) Region VII to inspect for compliance with AHERA.								
Comp. No.	KC0812106	Comp. Info	The complainant reported the improper removal at the Fort Osage Career & Technical Center located at 2101 North Twyman in Independence. The complainant stated the reported party has been removing asbestos for the last week or so and the school has been very secretive. The reported party told staff the asbestos was in the carpet. The complainant also stated the reported party did not put up any plastic barriers and are not using any sort of exhaust system. The complainant is very concerned the reported party is exposing the students and the employees.						
NERO	3/12/2008	3/4/2008	WILLIAM JONES	Millersburg	Callaway	Burning	Anonymous	DLK	
Comments	Mr. Kinkhorst observed a salvage operation at the location but did not observe any evidence of open burning. Mr. Kinkhorst supplied a copy of the open burning regulation and fact sheet to the property owner.								
Comp. No.	NE08523	Comp. Info	The complainant reported a fire with dark smoke occurred at a junk yard on March 1, 2008, and March 2, 2008. The complainant observed a man feeding the fire but could not observe what was burning.						
NERO	3/7/2008	3/7/2008	Milan Packing Plant	Milan	Sullivan	Odors	Anonymous	DLK	
Comments	Mr. Kinkhorst noted the department did not conduct an on-site investigation. All complaints are logged and reviewed for development of an effective investigation strategy. Regional Office staff will conduct an odor investigation at a later date when weather conditions are predicted to be similar to the conditions noted by the complainant.								
Comp. No.	NE08521	Comp. Info	On March 5, 2008, at 3:48 p.m., the complainant stated the reported party smells bad and the odor is the "typical packing plant odor."						
NERO	3/13/2008	3/7/2008	ED GAW TRUCKING	Bowling Green	Pike	Odors	Michael Wisecarver	SMB	
Comments	Mr. Steve Boone, an inspector with the NERO, conducted an on-site visit and observed a building and an open pad where livestock trailers are washed. The wastewater runs into a non-discharging lagoon. Mr. Boone also noticed used sawdust bedding is piled on the ground in the area of the outdoor pad. Several cubic yards of material were piled in this area. Mr. Boone conducted a check for compliance with the State of Missouri odor standard at the private driveway north of the lagoon using a field ofactometer instrument. Mr. Boone detected odors twice above a seven to one dilution more than 15 minutes apart and within one hour at a location beyond the property boundary of the facility. Mr. Boone spoke with Ms. Karma Gaw, wife to Mr. Ed Gaw, at the facility and provided her with a copy of the odor regulation and discussed the findings. Later, Mr. Boone spoke by telephone with Mr. Ed Gaw. The facility is just starting up and they are still in the process of constructing the lagoon but are also using it. Mr. Boone recommended that practices be adopted that will reduce odors at the facility. Practices to reduce odors might include keeping the bedding promptly cleaned up or managing the wastewater in the lagoon differently. Most of the odors appeared to come from the lagoon. Some engineering may be needed to determine ways to reduce odors from the lagoon. Mr. Boone completed an EAV form warning the reported party of the odor standard and recommending that practices be adopted that reduce levels of odors.								
Comp. No.	NE08522	Comp. Info	The complainant filed the following report of odors: "A year ago an individual purchased ten acres between my property and the highway. He has built a building to wash out livestock semi trailers as he mostly hauls hogs. He built an outside lagoon where he washed trailers all summer and into the fall. The building is plumbed to wash inside then the water drains to the lagoon. He intends to have someone field apply the solids and liquid from the lagoon but currently the lagoon has a very bad stench that is polluting the air and the lagoon is full. I suspect a sump pump has been pumping out the back side of the lagoon to prevent it from overflowing the front. This water then sits on the back side of the lagoon and eventually runs around the side and flows toward the road and through the road ditch eventually to a small creek. The odor is terrible and I don't know how the people just to the north of the lagoon tolerate the odor. My family can't stand to go outside when the wind is in the west."

Dates Received or Inspected : 3/1/2008 though 3/15/2008

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
NERO	3/7/2008	3/7/2008	WAYNE BROWN CONSTRUCTION	Marshall	Saline	Asbestos	Pat Duffy	SMB	
Comments									
Comp. No.	NE08524	Comp. Info	The complainant stated the reported party is not handling the slate siding properly during the preparation for demolition of a building in Marshall. The slate siding was pulled off the building in large chunks, causing it to break into pieces. It was then driven over by a skid steer loader and swept up off the street. There are 50 to 60 pieces still on the street from the slate siding. The complainant believes the reported party removed the transite on March 6, 2008. The bags of trash are currently present on-site but are being stored in a city building north of the building being demolished. The reported party removed some of the floor tile by cutting the floor out and removing it intact, but tiles were broken on the ground from this operation. Another concern is the painted brick from this building and other Con-Agra buildings being demolished was not tested for eight heavy metals as required.						
NERO	3/12/2008	3/10/2008	DIAMOND PET FOODS	Meta	Osage	Odors	Anonymous	DLK	
Comments Mr. Kinkhorst observed odors at a four to one dilution ratio at the corner of Pine and 5th Streets. Mr. Kinkhorst did not observe any violation of the odor regulation at the time of investigation.									
Comp. No.	NE08526	Comp. Info	The complainant reported odors from the Diamond Pet Foods plant have been very bad lately. The odors are present almost any time of day during the week. It is noticeable especially when the winds are out of the south or calm.						
NERO	3/14/2008	3/10/2008	SHEILA M & BRENDA K MADDEN	Kirksville	Adair	Burning	Clinton Jerome	DLK	
Comments Mr. Kinkhorst observed an area where household waste has been burned in the roadside ditch and conducted an EAV with the reported parties.									
Comp. No.	NE08527	Comp. Info	The complainant stated the reported party burns in the roadside ditch. The yard and surroundings are full of refuse. Not all of the refuse in the ditch has burned.						
NERO	3/12/2008	3/10/2008	HAROLD JOHNSON	Armstrong	Howard	Asbestos	Anonymous	DLK	
Comments Mr. Kinkhorst did not observe any area where a demolition may occur, but conducted an EAV with the reported party.									
Comp. No.	NE08531	Comp. Info	The complainant believes the reported party plans to conduct demolitions of two commercial buildings in Armstrong next to the post office without having an asbestos inspection completed. The complainant stated the reported party starting removing items from the interior of the buildings.						
NERO	3/11/2008	3/11/2008	RANDY CONSTANCE	Wheeling	Linn	Odors	Sharon L. Bryant	DLK	
Comments Mr. Kinkhorst noted chicken manure used as a fertilizer is not regulated for odor and recommended the complainant contact the Missouri Department of Agriculture to determine if the reported party is applying the manure properly.									
Comp. No.	NE08545	Comp. Info	The complainant stated the reported party rents the neighboring farm and dumps chicken manure in large piles. The reported party did this last year then applied the manure to the fields as fertilizer. The odor is very strong.						

Monthly Air Pollution Control Program Detail Report

note: "Comp. Info" refers to complainant information. This is the information the department receives from the complainant and seeks to accurately reflect the nature of the allegation as it was made. Those statements of allegations do not necessarily reflect the legal standard upon which inspections would be made.

Dates Received or Inspected : 3/1/2008 though 3/15/2008

Region	Inspection Date	Date Received	Suspected Source Owner/Operator	City	County Name	Type of Complaint	Complainant	Inspector Initials	NOV
NERO		3/12/2008	MAGIC GREEN	Louisiana	Pike	Fugitive Dust	Anonymous	SMB	
Comments									
Comp. No.	NE08532	Comp. Info The complainant stated for the past two weeks, the reported party was pumping dust into the air from their plant along Highway 79. Trucks haul fertilizer in and then something is mixed in. The dust comes from the facility's unloading and mixing operation. At times, this operation takes place 24 hours a day.							
NERO	3/12/2008	3/12/2008	MAURICE CARMACK CLASS IC CA	Arrow Point	Saline	Odors	Henry Deal	SMB	
Comments Mr. Boone noted the state odor regulations do not apply to CAFOs smaller than a Class 1A size. The Maurice Carmack facility is smaller than a Class 1A size and is not subject to 10 CSR 10-3.090. Mr. Boone did not conduct an on-site investigation because the operation is exempt from the odor regulations.									
Comp. No.	NE08546	Comp. Info The complainant reported the odors were terrible from Maurice Carmack's Class 1C hog farm. The complainant believed the curtains on the side of the finishing barn may have been dropped. The odors were not bad this winter with the exception of four or five warm days with southwest winds. The complainant also believes the odors are due to dust from the buildings and are interfering with his health and the enjoyment of his property.							
NERO	3/13/2008	3/13/2008	GERALD LIERLY	New London	Ralls	Burning	Anonymous	SMB	
Comments Mr. Boone found the reported party burning trade waste including lumber, wood blocs, plastic bottles, and rubbish with brush and logs. While burning the waste the fire escaped and traveled to another pile of mixed solid waste and recyclable metals. This pile included some rubber products and tires. The facility made efforts to extinguish this fire by covering it with dirt and ashes from the original fire. When Mr. Boone arrived on-site, the fire had ignited again. Mr. Boone informed the reported party that conducting burning of any waste generated by a business is prohibited under the Missouri Open Burning Regulation 10 CSR 6.045. Mr. Boone also told the reported party that accidental fires are not usually considered to be a violation of the burning regulation unless reasonable measures are not taken to extinguish the fire, or to prevent the fire from taking place. Mr. Boone did not observe any tires being burned. Mr. Boone conducted an EAV and informed the reported party of the open burning rules.									
Comp. No.	NE08548	Comp. Info The complainant reported a junk yard in New London is currently burning a lot of tires. The complainant believes garbage trucks are dumping garbage at the property and the garbage is being pushed onto the fire. The complainant would like the department to check it out.							
NERO	3/13/2008	3/13/2008	GERALD LIERLY	New London	Ralls	Burning	Anonymous	SMB

Dates Received or Inspected : 3/1/2008 though 3/15/2008

<i>Region</i>	<i>Inspection Date</i>	<i>Date Received</i>	<i>Suspected Source Owner/Operator</i>	<i>City</i>	<i>County Name</i>	<i>Type of Complaint</i>	<i>Complainant</i>	<i>Inspector Initials</i>	<i>NOV</i>
SERO	3/10/2008	2/25/2008	UNKNOWN	St. Robert	Pulaski	Asbestos	Anonymous	MO1	
Comments	On March 10, 2008, Ms. Oglesby visited the site and observed boiler tanks and a substance possibly containing asbestos. Ms. Oglesby took photographs of the tanks and substance from the county road right-of-way. Ms. Oglesby contacted Mr. Walter Shull, an inspector with the SERO about testing the substance located near the tanks for asbestos. Mr. Shull informed Ms. Oglesby that the site had been investigated by him approximately two to three years ago. Each boiler tank's seal, gaskets and various places on the outside and inside were tested for asbestos. All test results were negative for asbestos. No environmental concerns could be found at the location.								
Comp. No.	SE08639	Comp. Info	The complainant stated the reported party has old boiler tanks that the insulation has been removed and insulation is scattered all over the ground. The complainant is worried there may be asbestos in the insulation.						
SERO	3/26/2008	3/10/2008	ROGER YOKEM	Dixon	Pulaski	Burning	Anonymous	MO1	
Comments	On March 26, 2008, Ms. Oglesby visited the site and observed evidence of open burning of vegetative waste and household waste from two sites on the property, a site on the north side of the home and a site on the south side of the tannery. The reported party informed Ms. Oglesby that his family has been trying to clear some of the "brush and trash" around the house. Mr. Yoakum also stated they have a wood stove in the tannery used for heating. Ms. Oglesby gave and discussed with the reported party technical bulletins on open burning and managing construction and demolition waste. Ms. Oglesby could not find any environmental concerns.								
Comp. No.	SE08605	Comp. Info	The complainant stated the reported party constantly burns and the complainant's home is always filled with smoke from it.						
SERO		3/11/2008	BUB SMOTHERMAN	Birch Tree	Shannon	Burning	Anonymous		
Comments									
Comp. No.	SE08614	Comp. Info	The complainant stated the reported party burns shingles and it is causing a problem with breathing for the neighbors.						
SERO	3/31/2008	3/11/2008	UNKNOWN	Mountain Grove	Texas	Burning	Anonymous	MO1	
Comments	On March 31, 2008, Ms. Oglesby attempted to locate the reported party's property. There are three different property owners north of Mansfield Lime and Stone Quarry. Property owners from west to east are: Mr. Douglas Loring, Ms. Martha Sutherland and Mr. William M. Benton. Ms. Oglesby did not observe any evidence of open burning or a "salvage operation" for these properties from the county road right-of-way. Ms. Oglesby contacted the quarry for possible information on the open burning location. The quarry employees had no knowledge of any open burning occurring north of the quarry. Ms. Oglesby is unable to acquire more details on the location of the concern due to the complaint having been made anonymously.								
Comp. No.	SE08624	Comp. Info	The complainant stated the reported party burns the insulation off of copper wire as part of a salvage operation.						
SERO		3/12/2008	BILL WHITE	Blackwell	St. Francois	Burning / Open Dumps	Bill White		
Comments									
Comp. No.	SE08619	Comp. Info	The complainant stated the reported party dumps shingles on a lot that feeds into a lake. The complainant believes the reported party has burned some siding, but the shingles are piling up.

SWRO		3/7/2008	UNKNOWN	Springfield	Greene	Burning	Celest Groce		
Comments									
Comp. No.	SW0811640	Comp. Info	The complainant stated the reported party is burning two or three piles of an unknown substance on the hillside. The complainant believes the reported party started burning on March 6, 2008. At the time of the complaint the burning was taking place across the road from the complainant. The complainant's house may be within 200 yards of the burning. The complainant also stated her house is full of smoke and it is making her sick. The complainant continues to add to the piles.

Comments									
Comp. No.	SW0811653	Comp. Info	On March 8, 2008, at 3:17 a.m., the complainant contacted the department's EER Hotline and reported a stockpile of vegetative debris that is in the vicinity of residences located near 4350 Price Lane. The complainant is concerned burning will exacerbate health issues for individuals who have asthma and other undisclosed disabilities and potentially impact nearby structures. The complainant stated they have contacted local law enforcement and fire officials, who have reportedly not acted on the concerns. The complainant believes there are a couple buckets of fuel staged near the debris pile and the reported party is awaiting favorable conditions before burning.
